# 18. Bisexual Ayumi

**Summary for the Chapter:**

> Nadie drew this after receiving an anonymous comment

So, in our Corpse Party Headcanons post, we received an anonymous comment that stated the following:

first off, these are Nadie and I's HEADCANONS, this is all subjective, and if you don't like it, that's alright! We believe Ayumi is a closeted Bisexual due to the fact in small instances in both games and manga, Ayumi shows at least some signs of liking certain girls, the prime example being Naho Saenoki. However, she leans more towards guys.

anyways, Nadie, drew this in response to this comment, getting a pretty good laugh out of it

To be far, anon, you sorta had this coming for being rude towards something you didn't even need to comment on ☺

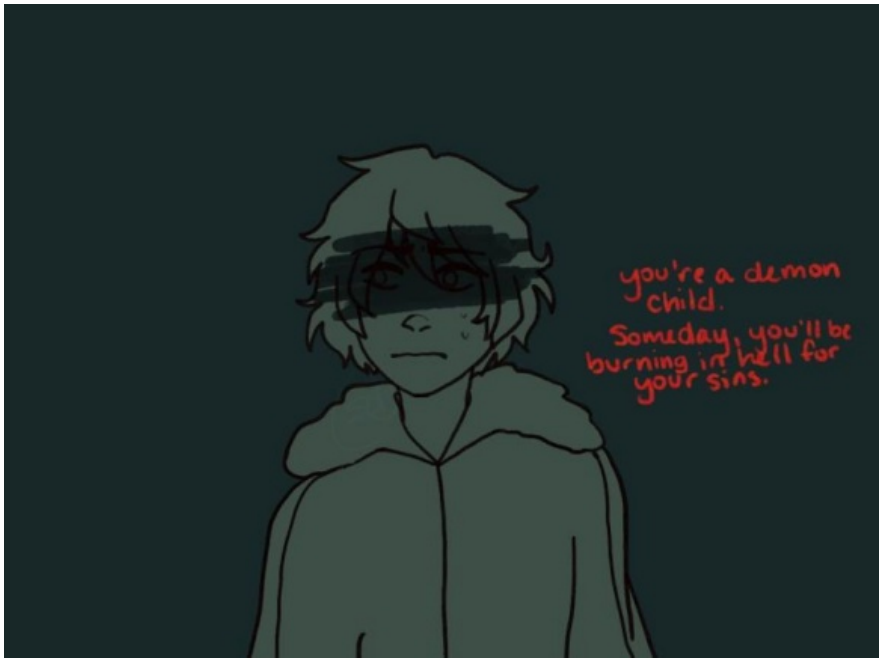
# 19. The Strange Men Series

**Summary for the Chapter:**

Just some art of the four protagonists from Uri's "The Strange Men Series", as Nadie and I have grown attached to them.

I can't say I'm any better than them.

A failure.



you're a demon child.
Someday, you'll be burning in hell for your sins.
